Scheduling for 2023-2024

Starting on **March 9th**, we will be meeting with current high school students to look at classes for next school year in our new building! Students will be entering course requests and making any updates to their four year plan. Counselors will review courses and graduation requirements with students during the process.

We will have a meeting for parents of current **8th grade students** to discuss high school rules, scheduling, graduation requirements, etc. More information on this to come soon!

The Course Description Catalog for 2023-2024 is being finalized and will be posted on our website soon (link at the bottom of the newsletter). We are adding a few new courses next year. The current year's Course Description Catalog can be viewed on our website now.

Pickaway County Skilled Trades Fair

A countywide Skilled Trades Fair will take place on **March 9th** at the Pickaway County Fairgrounds. This will provide students in high school and middle school a lab-like, hands-on group of activities. In-demand career opportunities in skilled trades will be promoted at the fair. There will be over 20 different companies to talk with.
