Member of the Class of 1980 Visits Logan Elm High School

Jay Timmons, President and CEO, National Association of Manufacturers and a 1980 graduate of Logan Elm High School, recently visited LEHS during a trip to Pickaway County.

After his visit, Jay remarked, "Not much has changed in the way I remember this classroom except two things: the periodic table has a few more elements on it, and there's a new principal (Mr. Smith was born around the same year I graduated!). What will never change are the memories and the lessons from Pickaway County, and Logan Elm in particular, that stay with me to this day—from watching the community come together every year for the Circleville Pumpkin Show to seeing the dedication of teachers like Mrs. Mills to ensure every student had the skills to succeed. Thanks to Mr. Smith and everyone at Logan Elm for having me over to visit last month. I feel blessed that I am able to stay connected to so many good friends, family and faculty in a place that means so much to me."
