Update: Preschool Enrollment for 2019-2020

- At this time, we have reached the limit for typically developing students. However, we are still accepting students to be placed on a “wait list” in the event an opening occurs. You may contact Marsha Waidelich to be placed on the wait list.
- We accept enrollment of children ages 3-4 with disabilities at any time during the school year. If you suspect your child has developmental delays or deficits in speech, communication, vision, hearing, self-help, social-emotional, behavioral or cognitive skills, please contact Marsha Waidelich.
