Logan Elm earns a "B" on the State's Local Report Card.

The district is pleased to share the [2018 State Report Card](#) with our overall grade of a B. The report card has several component grades. Progress looks closely at growth all students are making based on their past performances. Logan Elm earned an A in all categories of Progress for the second year in a row. Gap Closing, which shows how well schools are meeting the performance expectations for groups of students in Math, English Language Arts, and Graduation, rose from a D to a B. The Graduation Rate component grade also rose from a B to an A. We have much to celebrate, but are also always looking at areas for improvement. Each building has set goals for the year in order to focus our efforts on continued improvement. We encourage community members to let our teachers and students know how proud you are of their hard work all year.

Overall State Local Report Card Grades:

- 4.6% of the districts earned an A
- 31.4% of the districts earned a B
- 41.6% of the districts earned a C
- 20.1% of the districts earned a D
- 2.3% of the districts earned an F

Problem Based Learning at Logan Elm Schools

In August, many Logan Elm teachers met with business and community agency leaders to create Problem Based Learning projects for the 2018-2019 school year. By partnering with local businesses and agencies, Logan Elm students are discovering how their academic lessons can be applied to solve "real world" problems. A few examples of our partnerships this year:

- Washington 4th grade is working with Accurate to determine how heating and cooling systems are designed and implemented in homes.
- McDowell 8th grade CBI students are partnering with Rhodes Landscaping, using math skills to design and install landscaping projects. They recently designed and installed landscaping the Logan Elm Stadium scoreboard.
- Laurelville and Pickaway 2nd grade classes are working with the Pickaway County Visitors Bureau to design a flag for the organization.
- At Logan Elm High School, Doug Stiverson and his senior CBIP

students are working with Doug George on a few small projects around the campus. The goal is for students to diagnose the problem, develop a plan, create a budget, and carry out the plan.

Logan Elm Welcomes New Staff Members

As the 2018-2019 school year begins, Logan Elm is pleased to welcome several new staff members. Joining our LE family are: Jennifer Perkins, Secretary at Salt Creek Intermediate; Jessica Morgan, English teacher at LEHS; Tami Clark, Principal at Laurelville Elementary; Andy Graffis, Dean of Students at Washington and Pickaway Elementary; Jason Shepherd, Social Studies teacher at LEHS; and Deputy Philip Rellil, School Resource Officer, Pickaway County Sheriff's Office.
